

7X Performance Amplification

MRI BLACK POWDER ULTRA™ is a groundbreaking pre-workout formula forged from the very latest in emerging research of performance nutrition. Engineered to drive unprecedented workout proficiency, BLACK POWDER ULTRA aggressively targets and engages 7 key factors that drive training capacity and athletic potential. The all-new BLACK POWDER ULTRA gives you advanced ingredients and compounds to*:

1. Help the Body Generate POWER*
2. Stimulate Protein Synthesis and STRENGTH*
3. Fight Muscle and Mental Fatigue for STAMINA*
4. Amplify Focus, Energy and Reaction Time for INTENSITY*
5. "Feed" the Pathways that "Fuel" ENERGY*
6. Preserve and Power Muscle Function for RECOVERY*
7. Help Boost the Metabolism for Powerful THERMOGENESIS**

A Raging Fury of Training Intensity

Regardless of individual endeavors, serious, goal-oriented athletes and fitness enthusiasts share one thing in common; an obsession for results. In a quest to turn their aspirations into physical realities, they train with a raging fury of training intensity. This can lead to one more shared attribute - the dreaded fitness "plateau." When the mind and body can no longer keep pace with advanced training regimens, all performance progress can come to a screeching halt.*

BLACK POWDER ULTRA was expressly formulated to match the mental and physical intensity demands of hard-training athletes. The potential for BLACK POWDER ULTRA to drive "next level" performance is nothing short of astounding. Each ingredient, compound and technology in this formula was selected based on the latest emerging research in performance nutrition. What you get is a pre-workout formula powerful enough to fuel your insatiable drive.*

DIRECTIONS AND SUGGESTED USE: 1 serving (1/2 scoop) twice a day.

On training days take your first serving with 4-6 oz of water on an empty stomach 0-30 minutes before a workout. Consume your second serving intra workout. Adjust water amount to desired consistency. As Ultra is highly concentrated, do not take more than two servings in a 24 hour period.

*This product is to be used in conjunction with a healthy diet and exercise regimen. The amount of fat and calories your body will burn varies by individual and is related to your diet, exercise, daily activities, age, and body frame.

SCIENCE INFUSED PRE-WORKOUT AMPLIFIER

- Boosts Training Energy & Power*
- Helps Delay Workout Fatigue*
