

**SUGGESTED USE:** As a dietary supplement, mix 1-2 scoops with 8-16 ounces of water and consume 15-30 minutes before workout on an empty stomach. On rest days, consume half the dosage of workout days to maintain anabolic levels. It is highly recommended to assess individual tolerance over several days before consuming the maximum dosage. DO NOT exceed more than 2 scoops in any 24 hour period.

**WARNING:** Anabolic compounds are for experienced athletes and are not to be used by males under the age of 21 or women of any age. Consult with a licensed physician prior to use. DO NOT use if you are taking prescription medication, have high blood pressure, diabetes, heart disease, problems with your liver, kidneys, thyroid, or have any other ailments. Side effects may include increased aggression, hair loss, acne, sore joints, fatigue, loss of libido, elevated blood pressure, and/or elevated liver enzymes. DO NOT use for more than 4 weeks without an 8 week break between cycles. Proper Post Cycle Therapy (PCT) protocol is REQUIRED immediately after discontinuing the use of this product. Using this product in conjunction with AMF Alpha On-Cycle and Alpha PCT is highly recommended. This product contains methylated compounds which are taxing on the liver. NO ALCOHOL should be consumed while using this product and/or other stimulants.\*

**CAUTION:** Athletes or other persons who are tested for performance enhancing drugs should consult with their sanctioning body prior to use, as this product will cause a positive test result for Halodrol (4-chloro-17 $\alpha$ -methyl-androst-1,4-diene-3,17 $\beta$ -diol) and Methylethanamine aka 2-amino-4-methylhexane HCL, 1,3-dimethylamylamine or DMAA.

**KEEP OUT OF REACH OF CHILDREN**
