GNC Ultra Mega® Green Women's offers a superior blend of greens, fruits, vegetables, antioxidants and enzymes to help support good health. This nutrient-dense whole food enhanced multivitamin formula has been designed to supply nutrition for even the most demanding schedules.

- Features eight wholesome fruit, vegetable and greens blends. These nutrient-rich blends supply cell-protecting antioxidant nutrients that also support immune health.*
- Provides 1,600 IU of vitamin D-3. Emerging research suggests that adequate daily vitamin D intake may play a role in supporting breast, bone and immune health.*
- Enhanced with n•zimes®, a proprietary blend of digestive enzymes, with proven bioactivity. n•zimes® are active in both acidic environments of the stomach and the alkaline environment of the small intestine. Lab tests show that n•zimes® work throughout the digestive tract, contributing to a more complete digestion of nutrients.* This superior formula helps promote protein, carbohydrate and fat digestion.*
- Supplies essential B-vitamins that are important for cardiovascular health and the production of energy.*
- Combines a specialized beauty blend that includes collagen, L-cysteine, green tea, horsetail rush and MSM to support healthy hair, skin and nails.* It also includes lutein and zeaxanthin to support eye health.*
- Contains chromium that plays an important role in normal glucose utilization and a premium blend of antioxidants including selenium and vitamins C and E to aid in supporting the body's immunity.*
- Timed-release caplets provide a gradual release of vital nutrients.
