Other Ingredients: Gelatin, Silica, Magnesium Stearate, Titanium Dioxide (Natural Mineral Whitener).

What are Probiotics?

Probiotics work to keep a healthy balance of intestinal flora. They reduce the amount of harmful bacteria by replenishing and maintaining the "friendly" bacteria.* The depletion of beneficial bacteria can occur as a result of poor diet, taking certain antibiotics, stress, food poisoning, travelers' diarrhea or poor overall digestive health.

What is GNC Ultra Probiotic Complex 25 with Vitamin D-3?

This product has been designed to provide daily replenishment of healthy bacteria in your digestive tract and support colon health.* Each capsule combines 25 billion active cultures with 2,000 IU of vitamin D-3. Ultra Probiotic Complex 25 with Vitamin D-3 has been tested to ensure the full 25 billion cultures are live and active when used by the expiration date.

Why take GNC Ultra Probiotic Complex 25 with Vitamin D-3?

With the first dose, the clinically studied probiotics in this formula improve the balance of beneficial flora in the digestive tract. This helps to reduce bloating and stomach discomfort, aids in improving regularity, and supports a healthy immune system.* Emerging research suggests that adequate daily vitamin D intake may play a role in supporting colon health.*
