

STANDARDIZED EXTRACT

Boswellin extract (*boswellia seratta*) Boswellia is a gum resin that has a long history of traditional use. It was honored as frankincense, the "sacred gift of the Magi". Modern science has established that boswellia interferes with the inflammatory cascade, and supports joint health. Nature's Answer's Boswellia is standardized for 65% boswellic acid. ***These statements have not been evaluated by the FDA. This product is not intended to diagnose, treat, cure or prevent any disease.**

CAUTION: Keep out of reach of children. Do not use if safety seal is damaged or missing. If pregnant, nursing or on medication, consult with your healthcare practitioner. Store in cool, dry place.
