Livtone™
Liver Support

Supports the Livers natural detoxification process for:

- Herbicides
- Pesticides
- Insecticides
- Chemicals
- Pollution

Livtone™ is an ancient formula combining eighteen powerful herbs, the synergistic effects of which make it unique for its liver-supportive properties, while nurturing and maintaining the liver. Traditionally, this formulation has been used as a nutritional support in cases of liver congestion. *Andrographis paniculata* has traditionally been used to support liver and heart health. *Berberis aristata* is a bitter herb that supports liver and gastrointestinal function*. *Eclipta alba* is known for supporting hair growth and healthy liver function. *Picrorhiza kurroa* is known for its digestive support and laxative properties which make it great for relief of occasional constipation (not intended to treat chronic constipation). *Tinospora cordifolia* is also included for its support of healthy inflammatory response and its immune supportive properties*.

Naturally Grown
Himalayan Herbs

In-house Manufactured
