Vegenzyme™
Digestive Support

Nutritional Support For:

- Digestive Aid
- Metabolism of fats,
- carbohydrates, and proteins
- Maintaining a Healthy Weight

Vegenzyme™ is a powerful formulation which combines the digestive enzymes amylase, amylase II, protease I, II, and III, peptidase, lipase, cellulose, hemicellulase, lactase, maltase, invertase and bromelain. Vegenzyme™ is a fully vegetarian supplement which boosts the metabolism of fats, carbohydrates, and proteins and one of the most potent non-animal sourced enzyme products available. Regular use of Vegenzyme™ supports restoration of digestive health by replenishing the supply of these critical enzymes and is formulated to resist acid breakdown retaining its potency in the stomach, thereby providing critical digestive support and allowing healthy weight to be maintained.
