

Offensive smells, including body odor, bad breath and flatulence, occur when food is decomposed by intestinal bacteria into odor-causing substances, such as ammonia, indole and skatole.

Deodorex™ contains Champex® - a patented proprietary extract of champignon mushroom, which effectively reduces body odors where they originate, by decreasing levels of these toxic chemicals in the intestines and blood.* Champex® also helps cleanse the body, purify the blood and maintain normal levels of uric acid.*

The subject of *in vitro*, *in vivo* and human clinical studies, Champex® has been shown to:

- Reduce body odors by up to 60%*
- Inhibit the chemical that causes bad breath*
- Purify the blood of ammonia*
- Maintain normal uric acid levels*
- Support the health of the kidneys*

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.
