

Formulated by Dr. Aaron Katz, Director of Holistic Urology at Columbia University, Dual-Action ProstaCell® features some of the world's most researched natural ingredients for supporting prostate health.* ProstaCell has two main modes of action:

- **Protects prostate cells.*** Epidemiological research indicates that vitamins D and E, selenium and plant-derived isoflavones protect the DNA of prostate cells from hormone-associated changes.*
- **Supports a strong urinary flow.*** Human clinical research has shown that saw palmetto, stinging nettles and pygeum reduce frequency and urgency of urination, while increasing urinary flow.*

Quality of Life®: Sourced from Nature. Proven by Science.™

WARNING: DO NOT USE IF SEAL IS BROKEN OR MISSING. Keep out of reach of children. Store at room temperature. Consult your healthcare professional before use if you are pregnant or lactating, have or had a medical condition, or are taking prescription drugs.*
