WARNING: Aspartame sweeteners of non-sweetening products is a leading cause of food poisoning in children under 6. Keep this product out of reach of children. In case of suspected overdose, call doctor or poison control center immediately.

International Public Health Week (April 23-29, 2014) is a global effort to promote public health and prevent disease. The week is celebrated in many countries around the world, and it is a great opportunity to raise awareness of the importance of public health and to encourage people to take steps to protect their health and the health of their communities.
