

Joint health is affected by many factors including heredity, gender, sports activities and weight. Both Glucosamine Sulfate and Chondroitin Sulfate are key structural components in cartilage.* Extra Strength Glucosamine Chondroitin Complex plays an important role in the maintenance of joint cartilage.* Extra Strength Glucosamine Chondroitin Complex also contains Vitamin C for collagen formation and Manganese, a mineral necessary for normal skeletal development.* Extra Strength Glucosamine Chondroitin Complex is perfect for anyone seeking maximum joint support supplementation.*

WARNING: If you are pregnant, nursing or taking any medications, consult your doctor before use. Discontinue use and consult your doctor if any adverse reactions occur. Keep out of reach of children. Store in a cool, dry place. Do not use if seal under cap is broken or missing.
