RESTORER OF YOUTHFULNESS*

Zint Marine Collagen rejuvenates your beauty and youthfulness from within. By replenishing your body's declining collagen supply, it aids the strength of your hair and restores the moisture and smoothness of your skin for a more youthful complexion. It also restores the suppleness of your joints for carefree movement and activity by nourishing your body's connective tissue, including cartilage and tendons.*

The Zint Difference: Our collagen is completely neutral in flavor and dissolves easily in cold water without thickening. We source our marine collagen from the scales of non-GMO wild-caught snapper from the South Pacific, making use of by-products that would otherwise have been discarded. Not only does our all-natural approach ensure a premium collagen product in both nutrition and taste, it employs sustainable practices that minimize our environmental impact.

Usage: Mix 2 scoops in coffee, smoothies, and your favorite recipes for an effortless way to supercharge your anti-aging supplement regimen.

ZINT

Remember the moment when you first realized you could take control of your health and change for the better? That epiphany is at the heart of Zint's vision. We're here to boost that feeling of vitality, enthusiasm and zeal for wellbeing. Eat well; exercise; be adventurous, positive and focused; live a harmonious life physically, mentally and spiritually. Of course this isn't always easy, but by sprinkling a little Zint throughout your day, it all becomes possible.
