

PERFECT

Perfect 3000 supplies you with 3000 quality calories per serving. The calories are derived from nature’s best sources; egg whites, lactalbumin, maltodextrin, pure crystalline fructose and an assortment of vitamins and minerals. Perfect 3000 was designed to help athletes that have had difficulty gaining weight with everyday food and/or a standard weight gain formula. Perfect 3000 is nutritionally complete with a comprehensive program of vitamins, minerals, amino acids, glucose polymers, branched chain amino acids, lipotropics, aspartates, fumarates, malates, succinates and alpha-ketoglutarates. When mixed with water, each serving contains 60 grams PERFECT protein and 533 grams of quality carbohydrates.

Directions: Mix 12 slightly rounded scoops in 32 FL. Oz. of water or milk stir and consume. Perfect 3000 can be mixed with a spoon, however, for best results use a shaker or blender. Take 1 serving daily in addition to regular meals or as directed by your physician or trainer. A serving can be consumed all at once or split into 2 or 3 equal parts and taken throughout the day.

WARNING: Accidental overdose of iron containing products is a leading cause of fatal poisoning in children under 6. Keep this product out of reach of children. In case of accidental overdose, call a physician or poison control center immediately.

WARNING: Diabetics may use only under physician’s [health care professional] supervision because this product contains chromium picolinate which may enhance insulin sensitivity.
