

P H Y S I C I A N F O R M U L A T E D

SUGGESTED USE: 1 capsule daily with food or as directed by your health care professional.

This product contains L-Methionine, an essential sulfur-containing amino acid that is used to form other amino acids such as cysteine and taurine as well as other important compounds such as S-adenosylmethionine, an important methyl donor. A natural sulfur odor is characteristic of this product.

Do not use if full-bottle shrinkwrap is broken or missing. Store in a cool, dry place (59°F-85°F) away from direct light. Keep out of reach of children.
