

1 scoop

14 oz.

20-30 min.

before workout

Suggested Use: As a dietary supplement, mix 1 scoop of Fighter Fuel into 14 ounces of cold water and consume 20-30 minutes prior to exercise. Vary the amount of water to achieve your desired flavor. For best results, start taking Fighter Fuel 20-30 minutes prior to exercise and sip continuously up to the start of exercise. Fighter Fuel can be stacked with Super Carb to add additional carbs as needed to fuel training. For optimal results, drink a minimum of 1 gallon of water daily. Fighter Fuel is low stim, containing only 100 mg of caffeine.

VEGAN | GLUTEN FREE | LOW STIM

Warning: Not for use by individuals under the age of 18 years. Do not use if you are pregnant, breast feeding, sensitive to caffeine, have known medical conditions (including but not limited to heart, kidney, thyroid or liver disease, diabetes, high blood pressure, depression or other psychiatric condition, or seizure disorder), or are taking prescription or OTC medications. Consult with your health care practitioner before using this product. **CONTAINS CAFFEINE.** This product is intended for use by healthy individuals only. **KEEP OUT OF REACH OF CHILDREN.**
