

SUGGESTED USE: Chew 2 tablets daily after breakfast or lunch and follow with a glass of water, or use as directed by your healthcare professional. Do not take within 5 hours of bedtime as it may interfere with sleep.

Children and pregnant or lactating women should consult their healthcare professional prior to use. Do not use if tamper seal is damaged.

CAUTIONS: Consult your healthcare professional before use. Keep out of reach of children. Avoid if allergic to any ingredient. Do not exceed 1500 mcg intake per day of preformed vitamin A (retinol or retinyl forms). Evaluate total vitamin K intake from food and supplements if you are taking blood-thinning medications.

STORAGE: Keep tightly closed in a cool, dry place out of reach of children.

Optimal Prenatal Chewable offers a specialized prenatal formula designed to help meet the high nutritional needs of women who are pregnant or preparing for pregnancy – or anyone seeking for a well-rounded multivitamin in an easy chewable format. This formula contains both folic acid and L-5-MTHF, the most biologically available forms of folate, which are essential during pregnancy to support healthy brain development. L-5-MTHF works in conjunction with chelated minerals and coenzyme forms of B vitamins to support cardiovascular, neurologic, and immune health and normal cell growth. This formula is iron-free to allow for maximal versatility.*
