

We take pride in providing this formula of **MSM • Glucosamine • Chondroitin** which are the power three of joint care. This is a popular dietary supplement taken to help maintain healthy joint function.

As many notice in life, the flexible tissues in our joints lose their elastic properties.

MSM forms flexible connections between the cells and the joining connecting tissues.

Glucosamine plays a vital role in building cartilage and naturally occurs in the fluid around our joints.

Chondroitin helps keep the joints healthy by absorbing fluids into the connective tissue. It may also block the enzymes that break down joints. It also is one of the building blocks of cartilage.*

*A beneficial added supplement is
Omega 3 found in our Flax Seed Oil
and our Mega Fish!*

Suggested Usage:

As a *Dietary Supplement*,
take 4 capsules daily.

WARNING: If taking blood thinners, consult your health care professional before taking this product.

ALLERGIN: SHELLFISH
Keep out of reach of children.
