

Dietary Supplement

OxyDHQ™ stimulates the release of free oxygen and hydrogen from water. These elements help normalize pH and may act to stabilize and neutralize common toxic elements and compounds for their safe elimination.*

It also delivers a broad spectrum of solubilized organic nutrients including minerals & vitamins, with therapeutic levels of DHQ all of which may assist the body's natural cellular repair and recovery and help elevate energy levels.*

4 oz (120ml)

OxyDHQ™

**Advanced Hydration
& Oxygenation***
