MONEY-BACK GUARANTEE

A Synergistic Team for Your Heart and Arteries!

BALANCE

Vitamin A partners with Vitamin D to support artery health.*

STRENGTH

Vitamin K supports the mechanisms responsible for arterial wall strength.*

VITALITY

Vitamin D supports mechanisms associated with vascular health.*

Keep your arteries strong, smooth, and flexible with **Artery Strong™**. Your body uses Vitamins A, D3, and K2 for vascular health and to balance the effects of calcium in the body.*

Vitamin A: Retinol is superior to beta-carotene—it's the real vitamin A that your body doesn't need to convert. This concentrated form keeps vitamin D in balance, so both work better.*

Vitamin D3: This essential vitamin is needed for healthy blood clotting, strong blood vessel walls, healthy blood pressure, and heart muscle vitality.*†

Vitamin K2: This crucial nutrient supports vascular integrity and strength. MenaQ7® is a clinically-studied form of vitamin K2 that works with your body to balance calcium levels for healthy arteries.*

† Blood pressure levels already within normal range
