Bone-Sil™ Boosts Bone Absorption of Calcium by 50%!*

Cutting edge science has shown that silica is as important, if not more so, than calcium and magnesium for healthy bone density. In fact, bone formation is dependent on adequate silica.*

Bone-Sil has been shown to improve absorption of calcium into the bone by 50%.*

* In vitro evaluation on cultured human bone.

Beyond Bones—Bone-Sil™ for Collagen, Hair and Skin

Though collagen is clearly important for bones, it is also crucial for healthy skin and connective tissue.*

Bone-Sil supports healthy collagen generation for flexible ligaments and tendons. Collagen is also necessary for healthy, more beautiful hair, skin, and fingernails.*

Bone-Sil™—The Superior Silica!

- A plant-based source of silica—**not** synthesized from chemicals.
- A gentle, proprietary extraction process preserves the silica and beneficial flavonoids while filtering out harsh, unnecessary compounds.
- The addition of trace minerals from the sea and beneficial marine lipids enhance silica's absorption for even greater levels of support.*

SUPERIOR SILICA For:

- **Healthy Bone Density**
- **Teeth and Jaw**
- **Ligaments and Tendons**
- **Beautiful Hair, Skin, and Nails***
