Boswellia + Frankincense Oil

Ancient Wisdom

Boswellia has been a vital component of Ayurvedic medicine for thousands of years. Unique among botanicals, it supports certain pathways in the body better than other compounds. Frankincense is a treasured herbal ingredient known for its support of overall health and cellular protection.*

Modern Science

This supplement combines an advanced form of boswellia that is uniquely standardized for greater strength with a supercritical, CO₂ frankincense oil. This provides concentrated, undiluted power, and a fuller spectrum of benefits.

- Clinically studied, uniquely standardized boswellia
- Up to 10 times more AKBA than unstandardized boswellia
- Supercritical CO₂ frankincense oil for added cellular protection*

A Wise Choice For Healthy Cells*

While *Boswellia serrata* and *Boswellia carteri* are different species, both are known as frankincense and both have supported health for centuries. Now they can do the same for you.

These botanicals are long-trusted and scientifically validated. Together, they can protect your cells from the risk of oxidative damage and support a healthy inflammation response that is critical to a vibrant life.†

With **BosMed™ + Frankincense Oil**, you have a gift for your health, every day.

- Strong Cellular Protection*
- Healthy Inflammation Response**
