PLATINUM SERIES

WHAT IS PROTOGEN?

Protogen contains 4 ultra-premium protein sources and clinically researched AMINOGEN®, a revolutionary patented enzyme system that helps your body break down and digest protein faster and much more efficiently.* AMINOGEN® helps maximize the amount of amino acids released from protein in foods and supplements, allowing you to absorb more muscle-building amino acids.*

WHAT IS IN PROTOGEN?

Protogen's Synergistic 4-Stage Ultra-Premium Blend features fast, medium and slow acting protein sources.

- WPI or Whey Protein Isolate is the first ingredient in Protogen. WPI is a fast acting protein source that has gone through an ultra-filtration process, removing unnecessary fats, carbohydrates, cholesterol and sugars.
- Micellar casein is a very slow digesting protein source that slowly releases amino acids over several hours, in turn helping to reduce the breakdown of muscle tissue*.
- Milk protein isolate is an easily digested, slow release protein source.
- Egg albumin is a highly bio-available protein source that contains high amounts of branched chain amino acids.
- Studies have shown AMINOGEN® will release significantly more amino acids from your protein when used at 50 mg per gram of protein, which is the exact dose in Protogen.

*This product was produced in SQF Certified Facility No. 1048166 and passed GMP standards. Good Manufacturing Practices, or GMPs, are a set of standards which ensure the purity and proper labeling of dietary supplements.

* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

Naturally and artificially flavored
CHOCOLATE

30g PROTEIN

6.5g BCAAs

1.5g AMINOGEN®

PROTOGEN

WHEY PROTEIN ISOLATE • MICELLAR CASEIN • MILK PROTEIN ISOLATE • EGG ALBUMIN

RESEARCHED CLINICALLY DOSED DAILY

24 HOUR HYBRID RELEASE

INCREASED KEY AMINO ACIDS ABSORPTION*

INCREASED NITROGEN RETENTION*

OTHER INGREDIENTS: PROTEIN MIXTURE (Whey protein isolate, Micellar casein, Milk protein isolate, Egg albumin), Rosetta Creamy Sunflower oil, cane syrup solids, sodium caseinate, inulin - oat digestive fiber, dipotassium phosphate, calcium phosphate, soy lecithin, hydrolyzed, Cocoa powder processed with alkali, natural flavors, Sucralose, Acesulfame potassium, Sucralose, Lactase, Silicon dioxide.

ALLERGEN STATEMENT: Contains Milk, Egg, Soy and Oat and is manufactured in a facility that also processes WHEAT and PEANUT.

NOTICE: Use this product as a food supplement only. Do not use for weight reduction.

AMINOGEN® is a registered trademark of Triana Industries, Inc.

CHEK Certified | SPORT Certified

DIRECTIONS:
Mix one scoop with 6 oz. of cold water. Consume throughout the day to increase your protein intake – ideally before training, after training and before bed.

Do not use as a sole source of nutrition.

Store in a cool, dry place.

Contents sold by weight not volume.

AMINO ACID PROFILE

EACH SERVING CONTAINS:

ALANINE	1244mg	LYSINE	2464mg
ARGININE	935mg	METHIONINE	783mg
ASPARTIC ACID	1935mg	PHENYLALANINE	1174mg
CYSTINE	437mg	PROLINE	1057mg
GLUTAMIC ACID	5909mg	SERINE	1539mg
GLYCINE	585mg	THREONINE	1044mg
HISTIDINE	868mg	TRYPTOPHAN	374mg
ISOLEUCINE	1513mg	TYROSINE	1502mg
LEUCINE	2983mg	VALINE	1855mg

WARNING: Keep out of reach of children. Check with a qualified health care professional before taking this product if you are pregnant, nursing a baby, under 18 years of age or if you have any known or suspected medical condition(s) and/or are taking any medication(s). Discontinue use if any adverse reaction occurs. This product contains chemicals known to the state of California to cause cancer, or birth defects or other reproductive harm.
