

WHAT IS PROTOGEN?

Proteogen contains 4 ultra-premium protein sources and clinically researched AMINOGEN[®], a revolutionary patented enzyme system that helps your body break down and digest protein faster and much more efficiently.* AMINOGEN[®] helps maximize the amount of amino acids released from protein in foods and supplements, allowing you to absorb more muscle-building amino acids.*

**WHAT IS IN PROTOGEN?**

Proteogen's Synergistic 4-Stage Ultra-Premium Blend features fast, medium and slow acting protein sources.

- WPI or Whey Protein Isolate is the first ingredient in Proteogen. WPI is a fast acting protein source that has gone through an ultra-filtration process, removing unnecessary fats, carbohydrates, cholesterol and sugars.
- Micellar casein is a very slow digesting protein source that slowly releases amino acids over several hours, in turn helping to reduce the breakdown of muscle tissue*.
- Milk protein isolate is an easily digested, slow release protein source.
- Egg albumin is a highly bio-available protein source that contains high amounts of branched chain amino acids.
- Studies have shown AMINOGEN[®] will release significantly more amino acids from your protein when used at 50 mg per gram of protein, which is the exact dose in Proteogen.

This product was produced in a GMP Certified Facility. No. 1001010 and exceeds GMP standards. Good Manufacturing Practices, or GMPs, are a set of standards which ensure the purity and proper labeling of dietary supplements.

OTHER INGREDIENTS: Protein blend (Whey protein isolate, Micellar casein, Milk protein isolate, Egg albumin, Cookies/cream (Coflower oil, corn syrup solids, sodium citrate, mono- and diglycerides, disodium phosphate, potassium phosphate, soy lecithin, leucine, natural and artificial flavors, Green food chocolate (cocoa powder, sugar, enriched flour, solvent butyric acid, reduced fat, brown rice, natural flavors, soy lecithin, and palm oil with TBHQ for freshness, mono potassium phosphate, malt, malted barley, dried malted wheat (corn flour, cornstarch, chocolate, salt, leavening (sodium acid, monocalcium phosphate, artificial flavors, soy lecithin, whey, fair palm, potassium phosphate, sucralose, lactitol, silicon dioxide).

ALLERGEN WARNING: Contains (W.A. 000, 000, 000) and is manufactured in a facility that also processes PEANUT.

NOTICE: Use this product as a food supplement only. Do not use for weight reduction.

AMINOGEN[®] is a registered trademark of Farnam Industries, Inc.

**DIRECTIONS:**

Mix one scoop with 6 oz. of cold water. Consume throughout the day to increase your protein intake – ideally before training, after training and before bed.

Do not use as a sole source of nutrition.

Store in a cool, dry place.

Contents sold by weight not volume.

AMINO ACID PROFILE

EACH SERVING CONTAINS	
ALANINE	240mg
ARGININE	900mg
ASPARTIC ACID	2500mg
CYSTEINE	400mg
GLUTAMIC ACID	1000mg
GLUTINE	500mg
HISTIDINE	600mg
ISOLEUCINE	600mg
LEUCINE	2400mg
LYSINE	2400mg
METHIONINE	700mg
PHENYLALANINE	1000mg
PROLINE	2500mg
SERINE	1000mg
THREONINE	600mg
TRYPTOPHAN	400mg
TYROSINE	1000mg
VALINE	1000mg

WARNING: Keep out of reach of children. Check with a qualified healthcare professional before taking this product if you are pregnant, nursing a baby under 18 years of age, or if you have any known or suspected medical condition(s) and/or are taking any prescription or over-the-counter medication(s). California residents: This product contains chemicals known to the state of California to cause cancer, or birth defects or other reproductive harm.
