

Clinical OPC® EXTRA STRENGTH

French grape seed extract features powerful health-promoting nutrients called oligomeric proanthocyanidins (OPCs) that support a wide range of health needs.

Clinical OPC EXTRA STRENGTH delivers 400 mg of VX1®, a unique French grape seed extract. It's standardized for only small sized OPCs to better ensure absorption. Large OPCs (tannins) in grape seed extract cannot be absorbed.

VX1 offers the clinically recognized level of OPCs for consistent, life-enhancing benefits.

French Grape Seed Extract VX1® OPCs—Tannin Free For Greater Absorption!

Clinical OPC® EXTRA STRENGTH supplies only low molecular weight, tannin-free OPCs for high absorbability.

Many other grape seed extracts include high levels of tannins—OPCs with a high molecular weight—providing zero absorption with few health benefits.
