

RECOMMENDED USE: As a dietary supplement, take 3 capsules prior to your meal.

DESCRIPTION: **CULTIVATE** consists of a carefully formulated prebiotic, probiotic and plant enzyme digestion matrix. **CULTIVATE** was specifically formulated to support the uptake of amino acids from food & protein. What does "probiotic" mean? The term "probiotic" denotes healthy bacteria which are considered beneficial for the human digestion process and intestinal flora. Our digestion system consists of over 400 different species of healthy bacteria. The most familiar ones are of the "lactobacilli" and "bifidobacterium" family. In fact, our digestive tract is inherently abundant of good and bad bacteria. **CULTIVATE** is also fortified with a full spectrum, "custom formulated" plant enzyme matrix. Its 3 proteases portion was specifically designed to hydrolyze protein into its free-form amino acid parts for easier assimilation and uptake. **CULTIVATE** is so well rounded & formulated that large amounts of food assimilation now becomes a breeze. No more bloat or discomfort, even with cheap protein shakes loaded with lactose. **CULTIVATE** supports to restore balance to beneficial bacteria in the digestive system. **CULTIVATE** also supports healthy gut immunity by reducing oxidative stress as well as supporting cellular health and intestinal flora. Lastly, **CULTIVATE** with probiotics provides a potent array of the amylase and lipase enzymes which were proven to adapt to a variety of stomach acid pH conditions and to support the digestion of protein, fat, carbohydrates, milk lactose and vegetable cellulose.*

STORAGE INSTRUCTIONS: Protect from heat, freezing or humidity (above 65%). Keep container tightly closed when not in use. Keep out of the reach of children. It is also recommended that vendors and consumers keep product refrigerated at all times except when in use.

SAN products are manufactured under GMP (Good Manufacturing Practices) standards with stringent quality control guidelines. Additionally, each lot produced by SAN is independently tested for purity and potency by HPLC analysis to ensure only the highest quality ingredients in our innovative formulas.*

Supplement Facts

Serving Size: 3 Capsules

Servings Per Container: 32

Amount Per Serving	% DV	Amount Per Serving	% DV
Prebiotic & Probiotic		Alkaline Protease 7,500 PC †	
AminoSerp Matrix: 10 Billion cfu †	†	Acid Stable Protease 100 SAPU †	†
Lactobacillus Acidophilus 4 Billion cfu †	†	Fungal Protease 50,000 HUT †	†
Bifidobacterium Longum 2 Billion cfu †	†	Cellulase 150 CU †	†
Lactobacillus Casei 2 Billion cfu †	†	Maltase 100 DP †	†
Bifidobacterium Breve 1 Billion cfu †	†	Hemicellulase 150 HCU †	†
Lactobacillus Brevis 1 Billion cfu †	†	Invertase 75 Sumner †	†
Inulin 375 mg †	†	Lactase 1,000 ALU †	†
Comprehensive Multi Prong Plant Enzyme Matrix:		Lipase 1,000 FIP †	†
Fungal Amylase 15,000 SKB †	†	† Daily Value not established.	
Glucosylase 110 AG †	†		

OTHER INGREDIENTS: Microcrystalline Cellulose, Hypromellose, Gellan Gum, Silicon Dioxide, Magnesium Stearate

Contains corn. Capsule made from plant cellulose.
