

RECOMMENDED USE: Take 1-2 softgels daily with meals to satisfy your daily requirements for Omega-3 fatty acids as well as EPA & DHA.

STORAGE INSTRUCTIONS: Protect from heat, freezing and direct sunlight. Do not allow exposure to high humidity (above 65%). Keep container tightly closed when not in use. Keep out of reach of children.

DESCRIPTION: SAN's **PREMIUM FISH FATS GOLD™** is a revolutionary supplement that was formulated to support the person's efforts to maintain muscle, burn fat, and achieve optimum health by supplying high amounts of EPA-DHA content in one single tasteless serving. SAN's **PREMIUM FISH FATS GOLD™** is selected from previously tested oils and certified to be 100% free of pesticides, PCB & heavy metal contaminants. Sufficient levels of EPA-DHA are difficult to achieve on a daily basis unless one eats significant amounts of cold-water fish such as Salmon & Trout. That is why SAN's **PREMIUM FISH FATS GOLD™** becomes vitally important for those who are unable to consume large amounts of fish on a daily basis.*

Manufactured in a facility that also processes egg, shellfish, fish, soy, peanuts, tree nuts and milk ingredients.

SAN products are manufactured under GMP (Good Manufacturing Practices) standards with stringent quality control guidelines. Additionally, each lot produced by SAN is independently tested for purity and potency by HPLC analysis to ensure only the highest quality ingredients in our innovative formulas.*
