

N.O. 370™ THE RECORD BREAKER!™

A Giant Leap Forward In Sports Nutrition!™

N.O. 370™ is the first pre-workout formula that contains ingredients clinically studied to significantly improve the absorption of L-Arginine, amino acids, vitamins, and glucose at the cellular level.* No other product in the market has the unbelievable effects of N.O. 370™!

The effectiveness of N.O. 370™ can be felt after the first use. During the development and test phases, testers referred to N.O. 370™ as the best product they have tried. Testers also reported enhanced muscle mass, increased strength, unreal endurance and improved mental focus.*

N.O. 370™ is not only the most powerful pre-work supplement available, it is also the most effective recovery supplement.* The product packs a 370% increase in muscle glycogen restoration after exercise, which results in size, strength, endurance and speed gains.* This is why N.O. 370™ is known as "THE RECORD BREAKER."

Additionally, N.O. 370™ positively affects recovery by reducing the inflammatory markers produced during physical activities

About ASTRAGIN™ and ACTIGIN™:

ASTRAGIN™ helps to improve the effectiveness of nitric oxide, creatine amino acids, and protein supplements.* The true measure of success of a sports supplement is its ability to be absorbed at the cellular level, blood stream concentrations alone are not enough. ASTRAGIN™ "unlocks" the windows of the cells' nutrient transporter gene so that more nutrients get in.* This ability of ASTRAGIN™ stands alone in the sports nutrition world. Top Secret Nutrition™ also markets ASTRAGIN™ as a stand-alone product under the trademarked name ASTRAVAR™.

ACTIGIN™ is an intra-muscular glycogen potentiator.* The supplement increases muscle glycogen by an incredible 370% and true ATP by over 22%.* This combination leads to significant improvements in baseline performance as measured by increased energy, endurance, strength and recovery.*

(1) As Compared To Those Tested Not Taking Supplement

which lead to inflammation, soreness and decreased endurance.*

Those taking N.O. 370™ will experience workouts with a completely different level of intensity, and the results to match!.* Some of the clinically studied benefits of ingredients in N.O. 370™ include:

- 62% more absorption of L-Arginine at the cellular level, leading to skin-ripping pumps, increased strength, endurance and speed.*⁽¹⁾
- 370% increase in muscle glycogen restoration after exercise, leading to increased strength and endurance, and faster recovery times.*⁽¹⁾
- 22% increase in ATP production, leading to increased energy, strength and endurance.*⁽¹⁾
- 57% increase in the absorption of glucose.*⁽¹⁾
- 42% increase in glucosamine absorption.*⁽¹⁾

Additional benefits:

- Helps improve mental focus.
- Helps reduce unwanted body fat.

ASTRAGIN™ & ACTIGIN™ DIETARY SUPPLEMENT

How does N.O. 370™ work?

N.O. 370™ is based on some of the most current and leading scientific data from the western and eastern cultures. This one-of-a-kind product combines four types of creatine with quick acting and timed-release arginine and ViNitrox™ (from apple and grape polyphenols). This combination is incredibly effective in enhancing strength, speed, endurance and mental focus.* The final touch to the formula, and what makes it truly unique, is the proprietary blend of ASTRAGIN™ and ACTIGIN™, two incredibly effective and clinically studied ingredients.

N.O. 370™ represents the most significant advance in sports nutrition supplementation in years!*
