

A cultured extract of hybridized medicinal mushroom mycelia (roots), **AHCC®** is one of the world's most researched specialty immune supplements, supported by over 20 human clinical studies.

AHCC has been shown to:

- Maintain optimal NK cell activity*
- Increase number & activity of dendritic cells*
- Promote T-cell & macrophage activity*
- Enhance cytokine production*

Providing 67% greater potency, each 300 mg softgel of AHCC Rx is equivalent to one 500 mg capsule of AHCC. The new smaller softgels are easy to swallow and enable a divided AM/PM dose.

This product is suitable
for vegetarians and
gluten-free.
