

ASTRAVAR 2.0

Pre-Workout Supplement
SUPERCHARGER!

TOP
SECRET
NUTRITION

ASTRAVAR 2.0™ Packed with AstraGin™, red beet extract, Rhodiola rosea, and BioPerine®, Astravar 2.0 will jack your pre-workout supplement to new heights, hang on!

The **ASTRAVAR 2.0™** Team:

- **Red Beet Root:** is naturally high in nitrates (NO₃), which are believed to improve athletic performance. Nitrates are helpful to athletes because they quickly bring oxygen to muscles, essentially making the more difficult efforts easier.
- **Rhodiola Rosea:** research has suggested that Rhodiola rosea can boost mood, increase endurance and time to exhaustion.
- **AstraGin™:** is an all-natural, plant-derived compound that is extracted from highly fractionated Panax notoginseng and Astragalus membranaceus. Research suggests that AstraGin™ may improve the absorption of various nutrients at the cellular level.
- **BioPerine®:** helps to increase nutrient absorption. BioPerine works by inhibiting glucuronidation, which is a process that the body uses to make substances more water-soluble.

Astravar 2.0™:

- Promotes nitric oxide production*
- Supports optimal absorption of performance enhancing ingredients*
- Helps improve muscle glycogen replenishment*
- Help utilize fat as energy source*
- Promotes ATP production*
- Helps increase endurance*
- Helps protect against post-exercise muscle damage*
- Helps boost mood & mental focus*
