

Coenzyme Q10 (CoQ10) is one of the most intensively studied cardio-protective nutrients, which can also increase overall energy and act as a powerful antioxidant against free radicals.*

Because CoQ10 is poorly absorbed, a number of technologies have been developed to improve its bioavailability. Unfortunately, while these products may dramatically increase CoQ10 absorption in some people, they have little or no effect in others.

CoQ10-SR® is different. Delivering sustained release over 24 hours, CoQ10-SR contains MicroActive® CoQ10, the only form of CoQ10 shown in human clinical studies to have universal enhanced absorption across all subjects.*

In fact, CoQ10-SR:

- Doubles CoQ10 levels from baseline in 3 weeks*
- Delivers sustained release over 24 hours*
- Is 3x better absorbed than regular CoQ10†
- Is 2x better absorbed than solubilized ("enhanced bioavailability") CoQ10 softgels*

*THESE STATEMENTS HAVE NOT BEEN EVALUATED BY THE FOOD & DRUG ADMINISTRATION. THIS PRODUCT IS NOT INTENDED TO DIAGNOSE, TREAT, CURE, OR PREVENT ANY DISEASE.

3x better absorbed than regular CoQ10†
Doubles CoQ10 levels in 3 weeks*
Delivers sustained release over 24 hours

60 VEGICAPS (100 mg) | DIETARY SUPPLEMENT

SUGGESTED USE: 1 vegicap daily with a meal.

Supplement Facts

Serving Size: 1 vegicap
Servings Per Container: 60

Amount Per Serving	% Daily Value
Coenzyme Q10 as CoQ10-SR®	100 mg †
60 mg CoQ10 as MicroActive® Q10 Complex	
40 mg as crystalline CoQ10	

† Daily value not established.

Other ingredients: vegetable cellulose, beta-cyclodextrin (from non-GMO potatoes), leucine.

MicroActive® is a registered trademark of BioActives, LLC.
MicroActive® Q10 is protected under US patent 7,030,102.
†The term "regular" refers to powdered ubiquinone.

This product is suitable for vegetarians and gluten-free.

WARNING: DO NOT USE IF SEAL IS BROKEN OR MISSING.
Keep out of reach of children. Store at room temperature. Consult your healthcare professional before use if you are pregnant or lactating, have or had a medical condition, or are taking prescription drugs.
