

Dry, prickly skin is more than just unattractive — it's also terribly uncomfortable. While many common remedies have unpleasant side effects or just don't work, Exequel™ provides a safe, natural, and effective way to support healthy skin from the inside out.* Produced from a patented, heat-sterilized, *L. acidophilus* probiotic, L-92™ — the active ingredient in Exequel — has been clinically shown to:

- **Soothe dry, sensitive skin.*** L-92 has been shown to soothe dry, temporarily irritated skin in placebo-controlled studies conducted on both adults and children.*
- **Improve appearance of skin.*** The same research showed L-92 helped promote smooth, clear skin.*

Exequel works by bringing chemical messengers of the immune system called cytokines into the right balance, thus promoting healthy skin.*
