

SUGGESTED USE: For the first 3 days of use, add 1 scoop (15.75 grams) of Glycemic Foundation to at least 8 oz. of water or the beverage of your choice, stir and drink between or before meals 1 to 3 times daily. Increase dose to two level unpacked scoops (31.5 grams) of Glycemic Foundation after 3 days, or as recommended by your health care professional. **CAUTION:** Glycemic Foundation contains a high amount of soluble fiber and pre-biotic nutrients. Some individuals may experience increased gas discomfort for the first 3-5 days of use until bowel micro-flora have adjusted to the fiber intake. To reduce this effect, use ½ of the recommended dose for the first 3-5 days. Increase to full dose once you have become accustomed to the product. **CAUTION:** Because Glucemannan is a bulk-forming fiber, the drink becomes viscous within 20 minutes of its preparation. Without drinking enough liquid, the product may swell in the throat, causing blockage or choking. Avoid use if you ever had esophageal narrowing or swallowing difficulties. Formulated to be free of allergens derived from: Yeast, Gluten, artificial colors and flavors. If you are pregnant or nursing, consult your physician before taking this product. As with all dietary supplements, some individuals may not tolerate or may be allergic to the ingredients used. Please read the ingredient panel carefully prior to ingestion. Cease taking this product and consult your physician if you have negative reactions upon ingestion. **CAUTION:** This product contains a desiccant. For best results, keep the desiccant in the bottle until all contents are consumed. **DO NOT EAT DESICCANT. KEEP CONTAINER TIGHTLY CLOSED. STORE AT ROOM TEMPERATURE. KEEP OUT OF REACH OF CHILDREN.** This product was sealed for your protection. Do not use if outer labeled neck seal or inner-seal is missing or damaged.
