

As a young man, you probably didn't give your prostate much thought. But as you get older, it may become hard to ignore.

Formulated by Dr. Aaron Katz, the best-selling author of *Dr. Katz's Guide to Prostate Health*, Dual-Action ProstaCell® features some of the world's most researched natural ingredients for supporting prostate health.* ProstaCell has two main modes of action:

- **Protects prostate cells.*** Epidemiological research indicates that vitamins D and plant-derived isoflavones protect prostate cells.* ProstaCell includes these nutrients in forms that work best with the body's biochemistry.
- **Supports a strong urinary flow.*** Human clinical research has shown that saw palmetto, stinging nettles, and pygeum support urinary function, while promoting normal urinary flow.*

*These statements have not been evaluated by the Food & Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

WARNING: DO NOT USE IF SEAL IS BROKEN OR MISSING. Keep out of reach of children. Store at room temperature. Consult a doctor before use if you are pregnant or lactating, have or had a medical condition, or are taking prescription drugs.
