

Are you having difficulty losing weight? An imbalance of serotonin levels may be to blame, since it's important for a positive mood, quality sleep, and a normal appetite.

PureBalance™ Serotonin includes 5-HTP, the ingredient the body uses to make serotonin, whose effects are enhanced with ingredients for:

- **Weight control:** Relora® may reduce stress and stress-related eating.*
- **Stress management:** *Rhodiola rosea* helps the body adapt to stress, while L-theanine increases the generation of relaxing alpha brain waves.*
- **Mood support:** Insufficient vitamin D may negatively affect mood, while *Rhodiola rosea* has been used for centuries to promote a positive outlook.*
- **Sleep support:** L-theanine encourages your transition to alpha brain waves of relaxation.*

Combined with a healthy diet and plenty of exercise, PureBalance Serotonin gives you the support you need to cheer up and slim down.*
