Digestive Probiotic's unique patented process guarantees highly concentrated live cultures of 7 different strains of probiotic bacteria. This product includes four strains of Lactobacilli for the small intestine, two strains of Bifidobacteria for the large intestine, one strain of Streptococcus for improvement of the intestinal environment (at least one billion total), along with 1 g of the prebiotic FOS to encourage their growth. This product also includes the addition of a fiber based NUTRILITE® concentrate.

Taken regularly, NUTRILITE Digestive Probiotic helps support the body's immune system and overall intestinal health. Daily use of NUTRILITE Digestive Probiotic helps maintain a normal, healthy colon and intestinal flora, restoring the natural balance of healthy bacteria in your digestive tract. For your convenience, the exclusive NUTRILITE formula requires no refrigeration.
