Reduce Your Risk of Oxidative Damage*

- Brain • Heart • Breast
- Colon • Liver • Prostate*

It may be silent, and you can't feel it, but oxidative stress can damage the DNA inside your cells. You need powerful compounds to fight back. But in order to work, they must be effectively absorbed. **CuraMed®+OPC** features 3 full-strength ingredients with proven absorption and efficacy that can provide life-changing benefits:

- **CuraMed Curcumin**—is the most clinically studied, enhanced absorption curcumin in the world. Provides higher absorption and greater retention time than turmeric.
- **French Grape Seed Extract VX1®**—contains low molecular weight, tannin-free OPCs for the highest absorbability.
- **Turmerones**—from turmeric oil (standardized to 60%), especially ar-turmerone, provide beneficial compounds for cellular health not found in standard curcumin.*

This effective formula provides the targeted cellular protection you need to support healthy aging and reduce the risk of oxidative damage. It's the natural choice to promote overall well-being, every day.*

SUPPLEMENT FACTS

Serving Size: 2 Softgels
Servings Per Container: 30

Amount Per 2 Softgels:	%DV
Proprietary Formula	575 mg **
Curcumin (<i>Curcuma longa</i>) Rhizome Extract (BCM-95®) enhanced with turmeric essential oil and standardized for curcuminoid complex (curcumin, demethoxycurcumin and bisdemethoxycurcumin), French Grape (<i>Vitis vinifera</i>) Seed Extract (VX1®) standardized to contain ≥ 99% polyphenols and ≥ 80% OPCs, Turmeric (<i>Curcuma longa</i>) Rhizome Oil extracted by supercritical CO ₂ technology and standardized to contain ≥ 60% total turmerones
