Hormone Balance for Women of All Ages!

Healthy hormone balance is crucial. Without it, your mood, weight, energy levels, and overall well-being seem thrown off and out of sync. That's why you need CuraMed® + DIM Complex.

Perimenopause and PMS symptom relief*

Promotes estrogen and progesterone balance*

Healthy metabolism and weight management†

120 mg of clinically studied BioResponse DIM® Complex per capsule!

Complete Formula for Healthy Hormone Balance*

- **BioResponse DIM® Complex**
Clinically studied BioResponse DIM® is better absorbed, making it more effective than ordinary DIM for estrogen balance and detoxification. It eases mood swings and cramping of perimenopause and PMS, supports healthy metabolism, and protects healthy breast cells.* You would need to eat 2 lbs. of broccoli to match this level of DIM.
- **BCM-95® Curcumin**
This clinically studied, active compound from turmeric supports healthy liver function to help effectively eliminate toxins that mimic estrogen and contribute to estrogen dominance.*
- **French Grape Seed VX1™**
This tannin-free extract is standardized for only highly absorbable, low molecular weight oligomeric proanthocyanidins (OPCs). It supports healthy hormone balance, aromatase levels†, weight management† and better mood.*
