UNCONDITIONALLY GUARANTEED

Curamin® Headache™ combines the successful ingredients from the trusted, award-winning Curamin® with additional nutrients for targeted, safe, and effective relief to help you feel great again.*

It is estimated that up to 80% of Americans deal with occasional headaches due to stress or fatigue. Demanding jobs, hectic schedules, and long hours at a computer can contribute to the stress of everyday life. Now, those occasional headaches have met their match!*

Effective, Safe Relief!

Amazing Ingredients, Effective Relief!

- **BCM-95® Curcumin** is better absorbed than plain curcumin. It provides a primary response to occasional headaches.*†
- **Magnesium** supports healthy neurotransmitter activity in the brain, and clinical studies have shown it relieves occasional headaches.* The amino acid chelate included in this supplement is better absorbed for greater benefits.*
- **BosPure® Boswellia** is clinically studied and uniquely standardized by reducing beta-boswellic acid and providing higher levels of AKBA for greater effectiveness.
- **DLPA** supports the effects of endorphins—the “feel good” chemicals in your body.*
- **Vitamin B6 as Pyridoxal-5-Phosphate (P-5-P)** can be readily used by the body because it is already in the bioactive form. Vitamin B6 is a factor in serotonin production and relaxation.*

All ingredients established in human studies for safety and effectiveness. Does not interfere with stomach, liver or kidney function.
