Curamin® PM Nighttime Pain – Stop Pain Now*

When you need nighttime relief, **Curamin® PM** is the safe, effective choice.*

A good night's sleep is even more important than when you're suffering from pain.† But pain keeps many people from getting the rest they need.* Stop the vicious cycle with **Curamin® PM**.*

- **Non-habit-forming**—safe to use regularly
- **No morning grogginess**
- **Sleep soundly and wake refreshed***

Curamin® PM combines powerful ingredients from the award-winning Curamin® with sleep-promoting compounds for a restful night and an active day. Unlike some other sleep aids, **Curamin® PM** is not habit-forming, so you can use it every night or just when you need it.*

Curamin® PM is the smart choice for nighttime pain and restful sleep.*†

When nighttime pain is the problem, Curamin® PM is the answer!*

With the powerful, effective ingredients in **Curamin® PM**, you can get a good night's sleep without morning grogginess.*

Powerful Ingredients for Nighttime Pain*

- This clinically studied **Curcumin** provides pain relief.*† It delivers proven results for consistent benefits shown in 29 published studies.
- This unique **Boswellia** is clinically studied and standardized to contain up to 10 times the beneficial compound AKBA as unstandardized extracts, as well as having reduced levels of undesirable beta-boswellic acid.
- **DLPA** helps support the effects of endorphins, the brain's "feel good" hormones.*
- **Melatonin** helps set your sleep-wake cycle, which is especially important for travelers, shift workers, or anyone with occasional sleeplessness.*
- **Vitamin B6 as Pyridoxal-5-Phosphate (P-5-P)** can be used by the body because it is already in the bioactive form. Vitamin B6 is a factor in serotonin production and other reactions in the body that determine mood and nervous system function.*
