

OilMax™ is an advanced, Omega-3-6-9 formula with flax oil, cold-pressed borage oil, purified cold-water fish oil and lipase. OilMax features:

- Omega-3, Omega-6 and Omega-9
- EPA, DHA, GLA, ALA and more
- Lipase (a digestive enzyme) for optimum absorption*
- Reduced fishy repeat or aftertaste
- Purity, potency and freshness guaranteed

The typical diet is rich in some fats but low in other, healthier fats. OilMax can help balance the ratio.* OilMax also contains the fat-digesting enzyme lipase.* Lipase helps to break down the oils and prevent the fishy aftertaste by making the EFAs easier for the body to absorb.*
