

MONEY-BACK GUARANTEE

Unlike shampoos and conditioners, which may only temporarily improve the outward appearance of your hair, **Hair Renew Formula™** delivers a balance of nutrients to support hair from the inside.*

Millet Seed Oil – a unique botanical that provides minerals and amino acids to support production of keratin, the main building block of hair.*

Biotin – is essential in the renewal process of the follicles and roots of the hair that are already growing. Supporting healthy hair growth can result in thicker, more lustrous hair.*

B Vitamins – support energy production in the fast-growing cells in hair follicles that are required for structural support.*

Zinc – shown to improve hair quality, especially dry, brittle hair.*

These components, along with other key ingredients in **Hair Renew Formula**, combine to provide maximum nutrient support for healthy hair growth.*

Hair Needs Nutrients to Thrive

Hair Renew Formula™ offers crucial nutrients to energize hair growth at the follicle and help sustain hair strength. These powerful ingredients support keratin, a key protein which naturally occurs in hair. Research has found that healthy keratin production promotes stronger, thicker, healthier hair.*

Millet seed oil, along with biotin and specific amino acids, have been shown to play a critical role in keratin production and subsequent hair growth.*

Recommendations: 2 softgels daily for 30 days, then reduce to 1 per day thereafter. May continue with 2 softgels per day for enhanced benefits. If pregnant or nursing, consult a healthcare practitioner before using.
