

NATURAL FORCE RECOVERY NECTAR® is a unique blend of all-natural plant-based ingredients formulated to help maximize recovery, decrease soreness, and recharge your body. No other supplement on the market can give you a cleaner, more direct way to infuse your body with the nutrients it needs after your intense workouts. It will help you feel completely refreshed and revitalized.*

DESIGNED TO:

- Help repair torn muscle fibers through clean plant-based protein.*
- Assist in replenishing depleted glycogen stores, lost electrolytes, vitamins, and minerals to decrease recovery time and soreness.*
- Help recharge your body with nutrient-dense superfoods.*
- Aid in combating inflammation of joint tissues and boosting immune function.*

CONTAINS NO:

Coloring or Flavoring • Artificial Ingredients • Unnecessary Fillers

DIRECTIONS:

Mix one scoop with 12-16 oz. of cold water. For best results, use in a shaker bottle with ice. Consume within 20 minutes after completing your workout. Advanced users may choose to consume an additional serving post-workout. For more protein, add a shot of Natural Force Collagen Peptides™ or combine with Natural Force Organic Whey™.

BERRY

**A WORD ABOUT
COCONUT WATER...**

We use only the finest Organic Freeze-Dried Coconut Water as the base for our Recovery Nectar®. So you may be wondering, is coconut water the same thing as coconut milk? And the answer would be: not by a long shot. Coconut Water is the liquid inside a young green coconut before it matures. It is at its peak electrolyte content when harvested during this specific period. In fact, Coconut Water contains over five different electrolytes (sodium, magnesium, calcium, potassium, phosphorus) and has even been used intravenously during World War II to hydrate and save lives when medicinal saline was not available! Coconut Water is hands down the best natural sports hydration and recovery drink that Mother Nature has to offer!

WARNING: Not intended for persons under the age of 18. Do not use if pregnant or nursing. Consult a healthcare professional prior to consumption if you have any pre-existing medical conditions or are taking any medications. Do not consume for at least two weeks prior to surgery. Improper use of this product will not improve results and is potentially hazardous to a person's health. Use only as directed.
