

Directions: As a dietary supplement for children three years of age and older, take two animal-shaped chewables once daily or as directed by a healthcare practitioner. **Caution: To be chewed only. Not intended to be swallowed whole.** Store in a cool, dry place, tightly sealed.

If children grew up in the rainforest, they'd get most of the nutrients for proper growth and development from whole foods like fruits, vegetables, whole grains and fish. Nutrients that are often missing from today's diets. **Bluebonnet Super Earth® Rainforest Animalz® Vitamin C** helps bridge this nutrient gap, containing vitamin C from calcium ascorbate (a buffered form) and essential super fruits and vegetables in two yummy animal-shaped chewables.♦
