

EXTRA STRENGTH

Probiotic

DIETARY SUPPLEMENT

Spring Valley™ Extra Strength Probiotic helps support a healthy balance of beneficial bacteria in the digestive system, promoting digestive and immune health.* For maximum effectiveness, this product has been formulated with probiotic strains that are resistant to stomach acids.

- Formulated for daily use
- May meet the digestive needs of mature adults over 50, as *bifidobacteria* begin to decline with age*
- Provides 10 billion CFUs per capsule†
- Includes inulin prebiotic fibers
- Contains 10 probiotic strains

What Are Probiotics?

The human digestive system is home to trillions of good bacteria, probiotics, that are beneficial for numerous vital body functions including healthy digestion.* However, stress, travel, aging and bad diets can disrupt your body's digestive system balance. Probiotics are the "friendly" bacteria that may be helpful for maintaining digestive balance and a healthy immune system.* Probiotic strains are different types of bacteria, each of which may provide different health benefits.*
