

FRESHNESS IS THE KEY. Using a technique 10 years in development, **Fresh Omega's Extra Virgin Norwegian Salmon Oil** is extracted within only hours of being caught. By avoiding high temperatures, distillation, solvents and high pressures the oil is as complete as raw whole food.

- Higher in naturally occurring Astaxanthin, Docosapentaenoic Acid (DPA), and other health promoting fatty acids.
- Fully integrated supply chain allows for 100% traceability of every batch of oil.
- Clinical data confirms efficacy in lowering selected biomarkers associated with cardiovascular risk factors.^{1**}
- No fishy burp or repeat.

¹Manufacturing and use patents pending.
