

Since 1972

GUARANTEED PURE Immune System Support*

Indole-3-Carbinol (I3C) is a powerful antioxidant obtained from the cell walls of cruciferous vegetables such as broccoli, cauliflower, cabbage, and brussels sprouts. It is a patented formula that supports the immune system and is patent pending for applications supporting women with PMS and menopause. I3C is also clinically proven to modulate processes involved in estrogen-dependent abnormal cell growth.*
