

Joints are crucial for movement and stability, but unfortunately their deterioration can cause pain and keep us from our favorite activities. The combination of ingredients in **MRM's Vegan Joint Synergy® Strengthen** delivers crucial joint building blocks to support joint structure and health.** Glucosamine contributes to healthy cartilage formation, which can promote joint strength and flexibility.** Methylsulfonylmethane (MSM) provides a good source of sulfur, which helps with cartilage firmness and resiliency.** Hyaluronic acid is found in the synovial fluid of the joint and is responsible for resisting compression and lubricating the joint.**

• **The action of these plant derived compounds provides structural support for any active lifestyle****

• **Works best with MRM Vegan Joint Synergy® Motion**

**This statement has not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.
