TWINLAB® OCUGUARD® PLUS

OcuGuard Plus with Lutein, Zeaxanthin and Vitamin D₃ (cholecalciferol) is an advanced vitamin and antioxidant nutritional supplement specifically formulated to support healthy vision and promote vision clarity.*

Each easy-to-swallow capsule provides a special combination of micronutrients the eyes may require, including Lutein, Zeaxanthin and beta-carotene, which are potent antioxidant carotenoids. Lutein is the most abundant carotenoid in fruits and vegetables, and is found to be highly concentrated in the macula of the eye. Combining Lutein and Zeaxanthin carotenoids with Vitamin D₃ provides dual-action macular support for healthy eyes and vision clarity.* Other nutrients included in this synergistic formula are zinc from zinc picolinate (a chelated form of zinc that is easy for the body to absorb and use), natural Vitamin E, Vitamin C, selenium, and much more.

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

TWINLAB® OCUGUARD® PLUS

NOW WITH LUTEIN, ZEAXANTHIN & VITAMIN D₃

ADVANCED VITAMIN & ANTIOXIDANT SUPPLEMENT FOR THE EYES

Dietary Supplement

60 CAPSULES

TWINLAB® OCUGUARD® PLUS

DIRECTIONS: Take two capsules twice daily (preferably with morning and evening meals) or as directed by a Healthcare Professional.

WARNING: If you are pregnant or nursing, taking any medication, or have any medical condition, consult a health care professional before use. **KEEP OUT OF REACH OF CHILDREN.**

Each OcuGuard Plus capsule contains clinically tested ingredients shown to promote eye health and slow the progression of age-related conditions.* The Zeaxanthin and Lutein in this product are extracted from marigolds and purified by an exclusive patented process (U.S. patent #5,382,714 and #5,648,564).

Best if used by date on bottle.
