

Glucosamine Sulfate (GS) is a sugar and nitrogen compound found in synovial fluid and connective tissue. **Chondroitin Sulfate (CS)** is a similar molecule also found in high concentrations in joints and connective tissue.

Methylsulfonylmethane (MSM) is a natural source of sulfur and gets utilized in connective tissue formation (hair, skin, nails and lungs), the production of glutathione and in the detoxification process.** Sulfur is structurally and functionally important in more than 150 compounds in the body including enzymes, hormones, antibodies and free radical scavengers.**

Together, these compounds provide critical building blocks for joints, supporting mobility and comfort.**

- Supports joint mobility**
- Promotes healthy connective tissue**
- May help joint flexibility and comfort**

GLUCOSAMINE CHONDROITIN MSM

Supports
Joint Health**

Promotes
Joint Mobility**

90 CAPSULES
DIETARY SUPPLEMENT

Suggested Usage: Take 3 capsules daily or as directed by your qualified healthcare provider.

Supplement Facts

Serving Size 3 Capsules
Servings Per Container 30

	Amount Per Serving	%Daily Value*
Potassium (from Glucosamine Sulfate 2KCl)	190mg	5%
Chloride (from Glucosamine Sulfate 2KCl)	180mg	5%
Sodium (from Chondroitin Sulfate Sodium)	90mg	4%
Glucosamine Sulfate 2KCl	1500mg	†
Chondroitin Sulfate Sodium	1200mg	†
Methylsulfonylmethane	300mg	†

*Percent Daily Values are based on a 2,000 calorie diet.
†Daily Value not established.

Other Ingredients: Gelatin capsule.

Contains **NO** added milk, egg, peanut, tree nut, fish, soy, wheat, gluten or yeast ingredients.

Contains shellfish.
