SUGGESTED USE:

- Chew one tablet with your first bite of dairy food.
- You may adjust the dose if necessary to two tablets at one time.
- If you continue to eat dairy foods after 30-45 minutes, taking an additional tablet is recommended.

Dairy Digestive offers PREVENTIVE RELIEF from DIARRHEA, GAS and BLOATING that many people with lactose intolerance experience after eating foods containing DAIRY.**

How does dairy digestive work?

- DAIRY DIGESTIVE makes dairy foods easier to digest and helps prevent symptoms of lactose intolerance by breaking down lactose (milk sugar).**
- This is a dietary supplement containing a natural lactase enzyme, and is NOT A DRUG.
- DAIRY DIGESTIVE works by a NATURAL PROCESS and may be used by everyone ages 4 years and older.

How often can you use dairy digestive supplement?

- DAIRY DIGESTIVE may be used every time you eat foods containing dairy. It can be used every day with every meal or dairy food.

Before using: Read all package directions.

Consult your doctor if you experience any symptoms which are unusual or seem unrelated to the condition for which you took this product. **KEEP OUT OF REACH OF CHILDREN.**

Store at room temperature (below 77°F), but do not refrigerate. Keep away from heat.
